

## **RALLY CO-ORDINATOR'S REPORT AUGUST 2021**

Well, Covid has certainly had a detrimental effect on our lives over the last twelve months. Fortunately we only had to cancel one rally, Peppermint Grove Beach, which will once again be our first rally for 2022, fingers crossed. The remaining rallies for this year are going to be well attended and should be fun. I would like to take this opportunity to thank all the members who have taken on the task of Venue Officer. Well done.

2022 is looking brighter with, I think, a fairly even spread of locations. The highlight for some of us will be attending the National Rally at Barmera in South Australia in March/April, and once again Helen and I will be away for some of the Winter rallies. Could you all please go onto our website and select the rallies that you would like to attend and register, particularly the ones early in the year.

Cheers

**Brian Bizzill**

Rally Co-Ordinator
