MUKINBUDIN RALLY REPORT

2nd –7th June, 2016

We decided to travel on Wednesday to allow us time to check a few things early Thursday, by the time we got back the Schells; Kerrigans and the Goughs had set up, and the Adams were in the process. The Bizziils and Kessell arrived later in the afternoon.

With dubious weather conditions pending, we tried unsuccessfully to erect a tarpaulin at the BBQ pavilion. As there were only 14 present and only a few other campers we decided to gather in the kitchen for Happy Hour. President Brian welcomed everyone and mentioned the birthdays and anniversaries and then called on Alan to outline the week ends activities and clarified a few points. The rally was then declared open.

A number of us had a BBQ dinner and ate in the open dining area, after which we enjoyed a general chitchat on a large range of topics for a while until the cold forced us into our vans.

Friday morning saw 3 members for the walk and a number joined Brian for Tai Chi. After morning tea we were met at the Community Shed by Roy, who explained the history of the Shed and the various items of interest amongst which was a 100 year old harvester – the oldest working unit in Australia; a unique

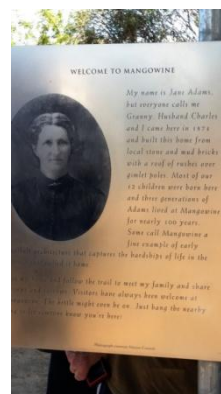

collection of pencil sharpeners in the form of cars etc.; he also explained why a grinding wheel was a certain shape. The drill press brought back memories for Clelia of her early working days.

At 2pm we all left in convoy to travel to the Mangowine Homestead where John the caretaker spoke about the history of the place whilst showing us through the various buildings. The name is believed to be derived from Aboriginal words Munga meaning nest

and gnaw means mallee fowl, which were plentiful in the area. Mangowine became an important stopping place for water and accommodation until 1893. After the inspection we spent a pleasant

hour or so having afternoon tea on the grass.

We returned to Mukinbudin minus Nat and Ian who went looking for sandal wood trees, on the main road into town we noticed an approaching police car with all its' lights flashing and on reaching our convoy they flagged us all to stop and proceeded to carry out breath test and licence checks ,some of which, the younger officer managed to mix up and hand back to the wrong people. The drivers were presented with a police souvenir in the form of the breath test tube.

A fire was lit in the fire pit around which we enjoyed an extended Happy Hour. The fire provided the central point for the evening as most of us migrated back there after dinner and we enjoyed vanilla slices and discussed several topics and also discovered interesting facts about some of us.

We awoke Saturday morning with drizzling rain that resulted in the walk and Tai Chi being cancelled. At morning tea, the day's agenda was discussed in view of the weather and it was decided to proceed even if it meant having a picnic lunch in our cars. The driving directions were handed out for queries to be clarified before the start. The first car away (with the Schells and Kerrigans) left with a little hesitation. The next car contained the Goughs and Kesells. The Bizzells and Adams followed with a slight handicap as Brian B had not

yet

found out how to work the trip meter. Alan and Rheta followed in the rear. Although one car managed to approach Bonnie Rock from the wrong direction, everyone arrived safely at Elachbutting Rock.

It was still drizzling rain so it looked like we would be lunching in our cars until Brian and Helen rolled out their brand new car awning and allowed us

to join them. Thanks to you both. After lunch we walked to 'Rock Wave' to view the wave like formation and then walked through 'Monty's Pass', a

30' tunnel caused by a rock slide. Each group to head back to Mukinbudin as per directions provided. Except the Schell group headed back to Bonnie Rock to pick up mallee roots that Helen had spotted earlier – thanks guys – greatly helped

our firewood supply.

The fire was lit by our firelighters soon after returning to camp to be ready with suitable coals for the jaffles. Afternoon tea was held around the fire, this then progressed into happy hour and eventually homemade chicken soup was served. It was then time to bring out the jaffle irons and cook our jaffles to perfection on the hot coals, with some using the savoury mince supplied and others using their own ingredients of choice. Nat supplied a Golden Syrup Pudding, cooked in a camp oven, and served with Custard & Cream – thanks Nat

There had been much discussion about the day's activities especially in regard to the answers to the questions and who had been successful so Alan then stated that it had been impossible to determine a clear winner even with two separate vehicles each supplying two different sets of answers (how come?). Separate points were awarded when an answer consisted of two or more parts. The end result was the best score was shared by Graham & Clelia; Brian & Helen; Jim & Helen and Margaret & Gerry. In recognition of WA Day, Alan asked the group a number of questions on WA facts and some trivia matters – most of the facts were answered correctly. The rest of the evening was spent around the fire discussing many topics before everyone drifted off to bed.

Sunday morning found that due to some confusion from the night before an impromptu community breakfast was held in the BBQ pavilion during which we farewelled Brian and Helen Bizzill who had to return home early. Nat once again came to the fore with her version of damper cooked in the camp oven – thanks Nat. The Goughs and the Kessells then proceeded to the Nungarin Markets.

At 2pm those still at the park left in a 'two car convoy' to travel to the Nungarin Heritage Machinery & Army Museum to join the others and met with Bill and Jo Hewitt and their helpers. Bill explained the history of the place which was the WW2 No 5 Base Ordnance Depot, and originally covered a very large area, with only the massive Army Vehicle Workshop building remaining and housing the museum. Bill recalled many incidences that occurred when he was a young boy helping his father and uncle on the site.

There is an extensive display of farm machinery and many military vehicles including a rare Dingo Scout Car. Bill was successful in restoring a General Grant tank that unfortunately had to be sold to pay some debts. On display was

a search light that was restored by Bill after reconstructing the lantern based on a photo and specification sourced from the internet, some parts were manufactured from shearing gear. The Light was on display at the last Dowerin Field Day. There was also an impressive 10th Light Horse collection dedicated to local WW1 hero Trooper Joseph William Spillman.

Jo and her helpers then provided an excellent afternoon tea with jam & cream scones etc. We then proceeded back to Mukinbudin in time to rekindle the fire and have happy hour with the evening again spent around the fire pit and

joined at times by other campers.

Monday morning saw us once again participating in a community breakfast, initially with some difficulty due the gas cylinder being empty and the BBQ having to be reset by Tanya, the Park Manager, with remote telephone help from her husband who had returned to Corrigin. During this time we farewelled Jim and Helen.

Before closing the rally at morning tea, Brian Adams spoke on behalf of President Brian and thanked Alan and Rheta for a very full and enjoyable rally. Alan thanked Brian and then called for the Caravan Prize which was drawn by Brian, with the winners turning out to be, with much mirth, Alan and Rheta –the prize being donated by David and Janet Currow. The rally was then declared closed.

Two groups – Parkinson's & Kerrigans and Goughs & Kessells then set off to inspect the Eagestone Rock and Lake Brown site. After

checking the rock and some posing for fun photos, the Goughs and Kessells set up to have morning tea by the lake whilst the others returned to Mukinbudin to commence packing up.

A final happy hour was held in the camp kitchen during which we reviewed some of the various Rummikub variances raised by Alan and later Clelia told us interesting stories about her extensive family.

A good time was had by all attending the rally.

Report by Alan and Rheta Parkinson

Those present were Margaret & Gerry Kerrigan; Ronnie & Brian Adams; Helen & Jim Schell; Helen & Brian Bizzill; Rheta & Alan Parkinson; Nat & Ian Kessell ; Clelia & Graham Gough

PRESIDENT'S REPORT

. MUKINBUDIN RALLY

2 – 7 JUNE 2016

Helen and I arrived last on Thursday afternoon, having been taken the long way around by our satnav, much to the delight of the people who were already there. Only seven vans participated in this rally which was a bit disappointing because Alan and Rheta had planned an interesting and varied program.

The weather stayed kind, albeit cloudy, with only a few showers of rain. On the upside this allowed me to try out our new awning on the car. We had enough wood to stoke up the huge fire pit in the park and the jaffle night went off very well, and those who had never had jaffles before seemed to enjoy them.

Helen and I had to leave early on Sunday morning, missing out on the trip to Nungarin and, from all reports, a very nice afternoon tea.

Don't forget the Annual General Meeting is to be held at Bindoon Hall, on 2 July at 2.00 pm. It would be great to see as many people there as possible either in their vans or as day visitors. Ladies, could you please bring something for afternoon tea.

See you on the road somewhere

Brian

MUKINBUDIN RALLY BLOOPERS

Even before getting to the Rally one chap using his arms to “talk” threw his keys in the fire pit. Oops the fire had been lit the previous evening. Luckily both keys and hand survived the trip.

On arrival at the Caravan Park one chap had a tree jump out in front of his van. Again no damage.

Then our leader was giving directions however which way is which on the map.

BUT the Bloopers of the decade. Coming back from an outing the convey was stopped by the local police. Licence and breath test please sir. One car had a passenger in the passenger seat with NO seat belt on. Luckily for that person the driver leant forward to get his licence out and obstructed the view.

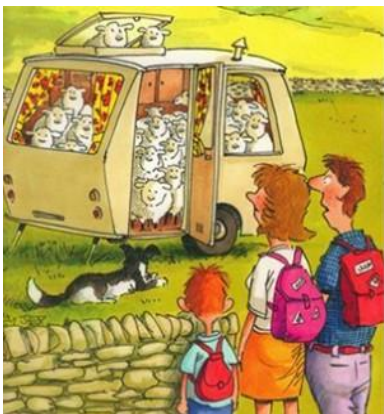

But the police on giving back the relevant licences gave them to the wrong people.

Then we had the near bloopers. Two ladies (not just one) nearly forgot the bread for the jaffles.

The Community breakfast advertised for Monday but in someones confusion we had it Sunday.

Who was the male so frazzled by the rain, went to give a male member a kiss when leaving the rally?

Lastly Rheta needs no help with getting herself into trouble. So who showed her how to send the biscuit tin down the table at great speed and having it nearly finish in Rheta's lap. No coffee was spilled in the ensuing laughter.

*“Oh No! One of us must have
Left the door open!”*

Coming Events

The remaining Rallies for 2016 will have low numbers as one third of members are attending the National Rally in Canberra.

A decision has been made regarding the next two Rallies booked at Coolup Hall and then Wundowie as no-one had booked for either of them.

After consultation with our President Brian Bizzill I have cancelled both these Rallies and have substituted a Rally at Darkan's new Caravan Park for 11th - 15th August. I have pencilled in this and need an indication today of who would like to attend this Rally.

Proposed Rally at Darkan 202 km south-east of Perth 11th-15th August

DARKAN is a town in the [Wheatbelt](#) region, between [Collie](#) and the [Albany Highway](#) on the [Coalfields Road](#). The town is surrounded by a fertile (lateritic/alluvial soils), high rainfall (approx 650mm per year) wheat/sheep area that makes use of a small range of services in the town and the [Co-operative Bulk Handling](#) grain storage bin about 3 km to the east. 10 km to the west is Six Mile Cottage, a very small two-room [slab house](#) built by a sleeper cutter for the railway in the early 1900s, and [jarrah](#), flood gum and wandoo bushland reserves, filled with [wildflowers](#) in spring, are a short drive away.
